1st Quarter 2017 Manager Newsletter

Personalized homework help

Working parents don't always have the time or expertise to help their children with homework. And the cost of private tutoring can quickly add up to hundreds or thousands of dollars.

Homework Connection offers a simple solution.

It connects students online with professional teachers and tutors who provide:

- One-on-one homework help online at no cost to the employee or student
- Help in all core subjects for grade levels from kindergarten through college
- 24-hour access to tutors with no appointment necessary
- An interactive learning experience
- Spanish-speaking support

Backup Care Connection® can give your employees access to:

- A nationwide network of screened caregivers trained specifically for back-up care
- Expert guidance and consultation
- 24/7/365 phone support
- Member choice and flexible placement options

Help your employees miss less work and stress less

Balancing work, home and family can feel like a juggling act for many people. And when care arrangements break down, job performance can really suffer.

You or your benefits representative can find out more by contacting an account executive or e-mailing Sales at AetnaBH_EAPSales@aetna.com.
